Summary

I am a passionate FullStack Developer with a keen sense of creativity and innovation in digital products. Proficient in gathering and analyzing business requirements; converting them to technical solutions. I can work on both frontend and backend technologies. I am committed to contributing to team learning and enhancing digital transformation journeys.

Education

Vignan's Institute Of Information Technology

Oct. 2022 - May. 2026

Bachelor of Technology in Computer Science

- GPA: 7.98

Projects

ResuTrack

[link](#) 

- Developed **ResuTrack**, a web application using React.js and Gemini API to provide personalized job recommendations based on user-uploaded resumes.
- Engineered a dynamic career roadmap feature that adapts to user feedback, delivering tailored guidance toward their dream companies.
- Collaborated in an agile team environment to build and deploy a full-stack job recommendation platform, enhancing career planning accuracy and user satisfaction.

Spotify-Clone

[link](#) 

- Developed a responsive web application replicating Spotify's core UI using React.js and Tailwind CSS, with a focus on dynamic rendering and mobile-first design.
- Built a custom audio player with interactive controls, playlist navigation, and album-based track display to improve user interaction and usability.
- Followed component-based architecture and best practices for code modularity, performance optimization, and cross-browser compatibility.

Portfolio

[link](#) 

- Developed a fully responsive personal portfolio website using React.js, JavaScript, and CSS, highlighting projects, skills, and achievements through an interactive and modern UI.
- Utilized JavaScript for component logic and interactivity, implementing features like dynamic rendering, animated sections, and form handling to enhance user engagement.
- Applied responsive design principles and CSS media queries to ensure seamless user experience across desktop, tablet, and mobile devices.

Technical Skills

Languages: C++, C, HTML, CSS, JavaScript, Reactjs, Tailwind CSS, REST API, Node.js.

Developer Tools: Git, VS code, Visual Studio

CERTIFICATES/ACHIEVEMENTS

- 3-Star Coder at CodeChef 
- Secured **Global Rank 20** in CodeChef Starter 183
- Solved **330+** **problems** on LeetCode  and having a max streak 161 days
- Introduction to Networks Certificate — Cisco
